

ANNUAL REPORT 2022 - 2023

Schizophrenia Research Foundation (India)

ANNUAL REPORT 2022 - 2023

BRAND VALUES

The brand value of Schizophrenia Research Foundation (India) lies in its expertise, commitment to research, patient centric approach, collaborations and public awareness efforts. By actively working in the field, Schizophrenia Research Foundation (India) has established itself as a leading organization, driving positive change and offering hope to individuals and families affected with serious mental illness.

he Schizophrenia Research Foundation (SCARF) was founded in 1984 with the primary objective of providing quality care and rehabilitation to those suffering from severe mental disorders. Towards this, we have established an out-patient department, day care centre and residential care facilities at three centers, at Anna Nagar, Thiruverkadu and Mahabalipuram. We also run a number of community based treatment programmes in rural and urban areas.Research into several aspects of mental health is an important activity. SCARF is designated as the Collaborating Centre of the World Health Organization for Mental health research and training. Our biennial conference IConS draws response from distinguished researchers from all over the world. SCARF trains a number of students of psychology, social work, nursing and occupational therapy. Promoting mental health awareness and lobbying for the benefits for the mentally ill is another activity we have been pursuing. Apart from many educational materials we have produced, the film festival Frame of Mind is also designed to improve awareness and deal with stigma. We have initiated a media award for journalists writing on mental health.

MEMBERS OF THE BOARD OF MANAGEMENT

Mr.R.Seshasayee, Chairman	
	Mr.C. Subba Reddy

Vice Chairman	Dr J.S.N Murthy
Dr. R. Padmavati,	Mr. S. Sethuraman
Secretary & Director	
	Ma Manakaki Namaak
Mrs. C.K.Gariyali	Ms.Meenakshi Ramesh
Dr.Shantha Kamath	Dr Bhagyam Raghavan
Dr.Suresh Sankarasubbaiyan	Dr. Girija Vaidyanathan
Mr Javaram Rangan	Mr Suhrith Parthasarathy

ANNUAL REPORT 2022 - 2023

CHAIRMAN'S MESSAGE

India has one of the highest proportions of young people (below the age of 29) who constitute nearly half of our population, according to the latest census. We also know from mental health literature that nearly 50% of all mental health issues have their origin before the age of 15 and 75% by the age of 18. With such a huge youth population, investment in protecting and promoting their mental health and wellbeing is essential. India has no comprehensive Youth Mental Health policy for the huge population of more than 435 million children and adolescents. Less than 1% of the children and adolescents with MH issues receive treatment. Several critical disorders including learning, speech, visual, hearing, and personality disorders require multispecialty care that is not available and accessible even in urban areas. Special population such as orphans, street children, juvenile homes, rescue homes are at high risk to develop MH issues.

SCARF's programs and initiatives are set to fulfill the

motive of creating awareness and empowering theyouth and their caregivers to help with their mental health issues.

- Resource center for Youth Mental health Services (rYMs), is a safe space for youth and young adults to explore themselves and also be involved in fun activities. rYMs helps build awareness and acceptance of being able to express themselves and their feelings in a non-judgmental and secure space.
- Clinical Services focuses on improving the mental state of mind by providing comprehensive services such as psychological therapies with an evidence-based practice, peer mentoring, care coordination, medications or a combination of all approaches.
- Research- SCARF's YMH research is not restricted to just the clinical population but in schools, colleges villages, cities, and communities. The focus of research is on creating a youth friendly space in CCI, understanding mental health engagement in LMICs, mental health literacy and character strengths through art based deliveries, safe spaces, app based intervention for colleges, intergenerational conflict, suicidal ideation in youth and uptake of mental health services by youth.

Scaling up mental health services for the young population of the country becomes critical. Surveys by the Government of Tamil Nadu, have demonstrated that young people experience loneliness, anxiety, depression, bullying and abuse. The government has already introduced a scheme called the Rashtriya Bal Swasthya Karyakram (RBSK) which looks at the importance of physical health in schools, where teachers will screen them for physical ailments.

However, this scheme does not focus on mental health. As a pilot response to the growing need of the importance of mental health in schools, the Government of Tamil Nadu along with the Directorate have proposed establishing active mental health support for the government school in Kodambakkam and Kundrathur, Chennai, with parents engaged as Para-Counsellors to provide support for the students after being trained in psychological first aid and mental health support. This proposal, if successful, will pave the way for nationwide scale up — and will add to mental health work forces needed to address the gap in mental health care for the youth in the country.

At the other end of the spectrum is the burgeoning population of the elderly in the country. The elderly are a valuable resource universally. Ageing is a natural phenomenon with its own set of opportunities and challenges. The world is ageing at a rapid rate - it is estimated that by 2030 there will be 34 nations with over 20% population above 65.years. India has 104 million older people (60+years), constituting 8.6% of total population, according to the 2011 census. An increase in longevity and decline of joint family and breakdown in social fabric pushes seniors into loneliness and neglect.

The Government of India's National Policy on Older Persons 1999, Maintenance and Welfare of Parents and Senior Citizens Act, 2007 and National Policy for Senior Citizens 2011, provide the legal framework for supporting the needs of seniors. The National Programme for Health Care of Elderly and Health and Wellness Centres under the Ayushman Bharat programme provide dedicated healthcare to elderly at primary health care settings.

While general health, family history, psychosocial aspects are critical variables, the need for improved and targeted integrated-care approaches that are community-based, designed around needs of older persons and with effective coordination and long-term care systems are important must-haves.

Given the potential increase of dementia cases in India from 5.3 million currently to more than 10 million in 2040, specialist programs for those diagnosed with Dementias needs to be in place. SCARF's elder care program, DEMCARES, has strived to establish evidence-based an intervention for the elderly, ranging from healthy ageing to the. care for the most severe dementias. Families are actively supported and equipped to manage the care process at the community level. This is turn reduces the need for institutionalized care. This care-giver support programs are a vital part of our services. The home based assessment program has been found to be very useful, especially for the very elderly who cannot be mobilised to the hospital. Capacity building for nurses, nursing assistants, psychologist, psychiatric social workers are a regular feature of **DEMCARES**

A heathy life, with physical activity, good diet, avoiding tobacco, alcohol and other habit-forming substances is recommended. Positive attitude and mental wellbeing promotes quality of life in advancing years. There is an urgent need to scale up measures for positive ageing as well as management of those diagnosed with cognitive impairment to enhance their quality of life.

Mr. R. Seshasayee Chairman Board of Management

REPORT FROM SECRETARY

I am pleased to submit the annual report for the financial year 2022-2023.

We have been very active in the period 2022 - 2023 in terms of treatment, rehabilitation, research, training and public awareness. SCARF seeks to promote the development of effective interventions and treatment strategies at an early stage, aiming to improve symptom management and overall quality of life. We are committed to provide support services not only for individuals affected by mental illness but to the families which include counselling, educational programs and through community outreach. During the reporting year, we conducted several awareness campaigns to reduce stigma associated with mental illness and increase understanding of the disorder. SCARF's commitment to mental health and illness continues to make a positive impact on the lives of those living with mental illness and their families.

CLINICAL SERVICES

- 1. Clinical services at the general OPD, special clinics, inpatient care and pharmacy have gradually increased and have been restored to pre-pandemic status
- 2. We continue to deliver clinical consultations through phone, video-conferencing or email .contact. Many families are utilising this service as the demand is rising.

OUT PATIENT DEPARTMENT

S.No	Data	(April 2022- Mar. 2023)
1	Total Number of Patients seen in OPD	8474
2	Number of registrations	2709
3	Number of review patients	5765
4	Total number of consultations provided	25365
5	Average no. of consults per day	106

IN-PATIENT DEPARTMENT – ALL 3 CENTERS

S.No	Details	ВВ	BMMSSK	SMC	Total
1	Sanctioned bed strength	70	40	39	149
2	No. of beds in actual use	58	35	35	128
3	No. of patients who have utilized service	143	139	141	423
4	No. of Life Time patients	6	9	2	17
5	No. of Long stay patients (more than 6 months)	112	97	72	281
6	Percentage of beds occupied by Life Time patients	4.2	6.5	1.4	4.0
7	Percentage of beds occupied by Long Stay patients	78	70	51	66
8	No. of new admissions	93	46	152	291
9	Average usage of bed per quarter	2.0	3.5	3.6	2.8

PHARMACY:

	April 2022- March 2023
Three-month average – prescription refills	4152
Number of free drug cards	300
Percentage of patients buying medicines in the pharmacy amongst those who consulted at SCARF	49%

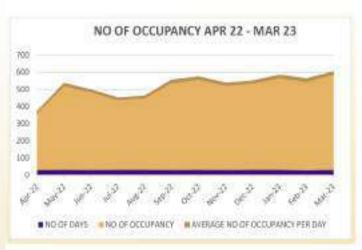

PSYCHOSOCIAL REHABILITATION:

Department of Psychosocial Rehabilitat April 2022 to March 2023	ion
Number of new clients :	117
Carry forward clients from 2021	62
Areas of intervention	
Activities of daily living (Basic and Instrumental)	79
Social Skills	35
Treatment adherence	63
Family Intervention	57
Welfare benefits	14
Physical health and diet	24
Home Intervention	7
deaddiction counseling	- 1
Vocational Rehabilitation	52
Number of persons placed in a job	10
Number of employers contacted	6
Number of persons who attended the caregiver education program	27
Number of service users employed in the OPD	6
Number of clients for whom Telephone / online interventions are provided	136
Number of discharges :	17
Goals achieved: Medication adherence, Job received, maintaine development, and role functioning	d and sustained, Routine
Number of Dropouts:	18
Reasons for dropout: Poor family involvement after several follow elsewhere.	-ups and taking treatmer
Number of did not engage	1
Trainings and programs	2 courses

DEMCARES:

The first year anniversary of the TSS centre along with Alzheimer's month was celebrated with Mrs. Suhasini Maniratnam gracing the event

S.NO	Number of patients	APR 2022 - MAR23
1	New patients through teleconsultation	58
2	Review through teleconsultation	811
3	New' patients in person	331
4	Review patients in person	852
5	Average no of Consultations per day (Consultants)	26.5
6	Number of patients seen by Case Managers for Interventions through Teleconsultation (BPSD management/ therapy/ brief calls)	258(129M&129F)
7	Number of patients seen by Case Managers for interventions in person (BPSD management/ therapy/ brief calls)	299(163M & 136F)
8	Average No. of reviews per day - Case Managers	6

YOUTH MENTAL HEALTH

Clinio	al services
YMH OPD (12-25 year old individuals)	New: 153 Follow up: 521
Interventions provided	Psychiatric consultations, counselling and psychotherapy, CBT, Behaviour therapy. Teleconsultations are also undertaken. Clinical services of YMH are being delivered by the research assistants in the YMH program based on a roster.
Researc	ch Activities
INTEGRITY project	Data collection - 426 samples collected Indepth interviews - 6 completed Two scoping reviews are under review
JAMS Project	Approved NCE till September 23 1 validation of scale Ms accepted for publication 3 Ms. Submitted for publication.
RIST Project	Completion of feasibility phase Start of scale-up phase
Templeton project	Completion of pilot phase of active and control intervention Engagement of GCC in the project
YES Project (Indira Foundation)	- Incorporated the feedbacks regarding the App structure, color and content - Completed the videos under the domains of self help intervention, mental health literacy and peer support volunteer which are incorporated in the YES app Completed the peer support volunteer program SOP: - Completed the peer support training program for 90 students in all 3 colleges Recruited 30 peer support volunteers from the trained students.0
Educational	activities for staff
Workshop on understanding domestic violence	The latest terminal and the la

	targeting resilience and mental well- being in different schools, colleges and urban and rural community settlements in Chennai.
Trauma informed psychological intervention and core training in emotion focused therapy	 For all the staff of YMH to help address the various traumatic experiences that youth face
Outreach/ Dissemi	nation activities
YMH on World Mental Health	 We have actively conducted awareness campaigns in different academic institutions during world mental health week.
Youth and mental health (20th of January 23) in Chennai	 4 panel discussions and a book release (of the JAMS project) Active participation of the youth in discussions.
Dissemination event on the 16th of February at Brahmapur	For the activities that were conducted as a part of the JAMS project To engage with the stakeholders in the CCIs there to help sustain the program See attached report
Stall in IIT-Madras – Saarang	 A stall was kept for 4 days in the annual IIT-M event Saarang. The youth were engaged in activities and educated about mental health.
Stall at DG Vaishnav College	 A stall for educating and engaging youth was organized for 2 days at DG Vaishnav College.

World mental health day campaign

School and college facilitation programs Arts-based training and facilitation

COMMUNITY OUTREACH:

The Department of Community Mental Health conducted 43 awareness programs in rural and urban settings with about 3860 individuals participating in these programs. 28 of the programs was conducted in Pudukottai as part of the ongoing STEP program while the remaining 15 were delivered with the assistance of students interning at SCARF.

Community Mental Health Clinics of SCARF

All SCARFs Urban community clinics have been integrated with the public health system, and as such SCARF is currently operating an outreach clinic only at Chetpet where about 15 persons with mental disorders are receiving treatment.

Training the Women Self Help Group Leaders on Mental Health in Tamilnadu

SCARF has signed a Tripartite MOU on 3rd April 2019 with Women development Corporation of Tamil nadu (WDC). In the agreement Tamilnadu WDC asked SCARF to develop the manual and materials to train the Self help Group Leaders and members of Tamilnadu. It is very first of its kind in tamilnadu and India too. Completed the Training and Retraining programmes in all 7 Pilot Districts in Tamilnadu.

Due to Covid the program was on hold for around 2 years. Now the Government asked SCARF to train the all the key staff in all Districts and also all blocks. SCARF is preparing the IEC materials for the same and we will be shortly signing in the MOU with the government before starting the training program.

RESEARCH:

	April 2022- March 2023
FUNC	DED RESEARCH PROJECTS

INTREPID III project

- SCARF has received funding for phase 3 of the five year International Research Programme on Psychoses in Diverse Settings (INTREPID III): Deepening and Broadening Knowledge of Psychoses Globally project which will commence in July/Aug 2023.
- The is an ambitious multi country multi-site study involving partners from Kings College UK, University of Ibadan, Nigeria and University of West Indies, Trinidad & Tobago.
- The first two phases were funded by the Wellcome Trust and the MRC, UK and the third phase of the study is funded by Medical Research Council, UK
- The programme will
- o Improve our knowledge of variations in outcomes, homeless populations, and mechanisms in psychotic disorders.
- o Impact global research by providing a unique platform to facilitate collaboration and data sharing.
- o Support provision of services and interventions in the Global South.

TRAINING

- ➤ Diploma in National Board Currently, we have one student
- Diploma in Mental Health care and counselling One year program. Current batch has 13 students (July 2022 to June 2023). Three of the 4 modules has been completed in March 2023
- ➤ Essence Media Course For journalists running successfully for the past 2 years. Current batch 25 students have enrolled
- ➤ Training Placement for students of Social work, Psychology has gradually increased
- Students Training and Internship at SCARF

Around 460 students came for the orientation visit to SCARF. 78 students of Social Work, 38 of Psychology and 18 students of Occupational Therapy did their student internship and training at SCARF. Students from 5 colleges undertook research activities at SCARF. Apart from these 38 volunteers were placed within various programmes in SCARF.

MEDIA & AWARENESS

Our commitment to public awareness through the year has been on going at a consistent pace. The calendar of events has ensured our untiring efforts. Following TV shows and radio programs constantly happen

- Dr R Mangala was interviewed in several talk shows and live interactive sessions on mental health in Pudhiya Thalamurai and other local channels over the year
- Dr. R Thara appeared in Makkal Medai in DD Podhigai
- Dr. R Thara appeared in "Kaalai Malar" the breakfast show of Jaya TV and spoke about mental health
- Radio Program in AIR By Dr Mangala
- Dr Sridhar did a program on Alzheimer's day in Big FM
- Dr Mangala was interviewed for a live show in Doordarshan on the topic Mental Health & Physical Health https://youtu.be/W3D3Qj8MsTQ

WORLD SCHIZOPHRENIA DAY

- To observe World Schizophrenia Day (May 24), SCARF India with Keal theatre organized a street theatre performance on Schizophrenia directed by Jayachandran at Pondybazaar, T.Nagar, today, May 22, 2022
- Dr. M. Sarada Menon award for mental health service users and Maitrai awards was held at SCARF on May 24. Awards were presented to service users

and caregivers for coping with their challenges and moving forward in life.

- PIECEs Team: Paul Heritage, Mariana Steffen and Renata Peppl Inaugurated Chennai's first hangout space for mental health service users 'Namma Area' on May 24, World Schizophrenia Day in SCARF
- SCARF and EVAM presented a very lively and interactive panel discussion on ART IMPACTS building resilience, resistance and recovery through art, at the British High Commission, Chennai

ART EXHIBITION

- Mental health Art Exhibition was held from 18 July, 2022 to 21 July 2022 at Amethyst.
- We sold 50 paintings and the engagement and support towards the artist were astounding.

INTERNATIONAL CONFERENCE ON SCHIZOPHRENIA

The Tenth edition of ICONS was held at Hotel Hyatt Regency between August 25- August 27, 2022. It was inaugurated by Dr Sudha Seshayyan, Vice Chancellor, Dr MGR Medical University.

The theme of this year's conference was "Exploring links between research and interventions in Psychoses". The conference comprised of two pre conference workshops, 10 plenary sessions, 10 Symposia, poster presentation and young researcher award session where original research work of young researchers was presented. The conference was held both virtual and physical.

All sessions were well attended. The international and national faculty presented their latest research. Around 250 delegates attended the conference. Around 39 posters were presented at the conference. Mr Thrinath Mullapudi (NIMHANS), Mr Shresth Shekhar (NIMHANS), Mr S Karthick (SCARF) were adjudged as First, second and third prizes respectively.

FRAME OF MIND

10TH Edition - Edition of Frame of Mind happened on 27th January 2023 .A great evening of panel discussion on the series paper rocket - great insights and interactions where shared by eminent people from the film industry and psychiatry. Cheif Guest Kiruthiga Udhayanidhi, awarded the winners of the short film contest

Winner's list

1st Prize – Te Recuerdo (I remember you) – Jeronimo Calero Gonzalez – Spain

2nd Place - Phone call - Direk Bee - Cebu, Philippines

3rd Place - Smile - Abhi Krishna - Trivandrum, Kerala

3rd Place – Laura – Paulina Torres- Argentina

Special Mention

Asimetrica- Javi Sánchez-Blanco - Spain

Transition - Serge Barbagallo - France

MEDIA FOR MENTAL HEALTH AWARDS

10th Edition of Media For Mental Health Award happened on March 4th and was held virtually

Dr Jaya Shreedar and Mr Venkatesh R (Chairpersons of Media Awards) chose the winning articles and Mr Sanjay Pinto
announced the prize winners

ADMINISTRATION

Regular Repairs and Maintenance had been carried in all the centres. The routine audits by the staff members at the residential centres are done. The internal audit committee have been auditing each centres.

LICENCES:

All licences are renewed as and when is due and it is monitored by compliance officer

REPORT ON SAFETY:

The reports of the safety inspections are reviewed.

Fire protection equipment:

All the fire safety measures (Alarms/Extinguishers) in place and monitored Electrical/Power Safety/Plumbing Electrical safety is under compliance. Electrician and plumber are available on call.

APPOINTMENTS & RESIGNATIONS:

Few Research Assistants have been appointed in different projects. Few staff have resigned.

Dr. R. Padmavati Secretary & Director

Pladmavati

INDEPENDENT AUDITORS' REPORT

The Members of Schizophrenia Research Foundation (India) Chennai

Opinion

We have audited the financial statements of Schizophrenia Research Foundation (India), which comprise the Balance Sheet as at 31st March 2023, the Statement of Income and Expenditure for the year ended 31st March 2023, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the entity are prepared in all material respects, in accordance with the accounting principles generally accepted in India and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Society as at 31st March, 2023, and its Excess of income over Expenditure for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the audit of financial statements section of our report. We are independent of the entity in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India and we have fulfilled our ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Management and those charged with Governance for the financial statements

Management is responsible for the preparation of the financial statements in accordance with the applicable laws and other applicable accounting standards and policies generally accepted in India and for internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the entity's ability to continue as a going concern, considering as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditors' responsibility for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually on in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

ANNUAL REPORT 2022 - 2023

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional

skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud

or error, design and perform audit procedures responsive to those risks, and obtain and audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

· Obtain an understanding of internal control relevant to the audit in order to design audit procedures that

are appropriate in the circumstances.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates

and related disclosures made by the management.

• Conclude on the appropriateness of management's use of the going concern basis of accounting and,

based on the audit evidence obtained, whether a material uncertainly exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainly exists, we are required to draw attention in our auditor's report to the related

disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However,

future events or conditions may cause the Society to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements including the

disclosures, and whether the financial statements represent the underlying transactions and events in a

manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope

and timing of the audit and significant deficiencies in internal control that we identify doing our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships to bear on

our independence, and where applicable, related safeguards

Report on Other Legal and Regulatory Requirements

1. We have sought and obtained all the information and explanations which to the best of our knowledge

and belief were necessary for the purpose of our audit;

2. In our opinion, proper books of account as required by law have been kept by the Society so far as it

appears from our examination of those books;

3. The Balance Sheet, the Statement of Income and Expenditure dealt with by this Report are in agreement

with the books of account.

Notes Forming Part of Financial Statements For The Year Ended 31st March 2023

Organisation Background

Schizophrenia Research Foundation (India) ("the Society") is registered with the Tamil Nadu Societies Registration Act, 1975 bearing Registration S.No.24 of 1984. The object of the Society is the treatment & rehabilitation of the mentally ill, Research, teaching & Training, Public awareness to remove the stigma of mental illness, Community mental health.

The Society is also registered under section 12AA of the Income tax Act, 1961. ("The Act') The Society has obtained the exemption under section 35(1)(ii) of the Act for donations received for carrying out scientific research and under section 80G of the Act for the general donations received.

The Society is also registered under the Foreign Contribution Regulation Act, with Registration No.075900399 and the same is valid up to 1st January, 2027.

The Society is registered under Government of India. Ministry of Corporate Affairs Office of the Registrar of Companies for undertaking CSR activities and the Registration number is **CSR00000884**

Significant Accounting Policies

a) Basis of Accounting

The society generally follows mercantile system of accounting except for the funds received to implement projects which are accounted on receipt basis.

b)Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Management to make estimates and assumptions in order to arrive at the reported amounts of assets and liabilities and the reported income and expenditure during the year. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates and the differences between the actuals and the estimates are recognized in the periods in which the

the actual amounts are known/materialize.

c) Building Fund

Contributions received specifically for Construction of Buildings are Credited to Building Fund. Buildings Constructed by utilizing these funds, are Capitalized under Fixed Assets. The Depreciation attributable to buildings constructed out of such funds is charged against the Fund.

d)Fixed Assets

i) All Fixed Assets are stated at cost less accumulated depreciation/amortization and impairment losses, if any. Cost of acquisition includes taxes, duties, freight and other incidental expenses relating to acquisition and installation.

ii)Fixed Assets funded/purchased out of specific projects/grants, are capitalized at a nominal value of Rupee one.

iii) Fixed Assets gifted to the Society are capitalized at a nominal value of Rupee one. The expenses in connection with the asset like registration, installation, improvements, etc., are also capitalized and depreciated in accordance with the accounting policy of the Society. The fair values of the assets gifted are disclosed by way of a note in the accounts.

e)Depreciation

All Fixed Assets costing less than Rs.5000/- are fully depreciated in the year of purchase.

Depreciation on other fixed assets has been provided on written down value basis at the following rates:

NATURE OF ASSETS	PERCENTAGE
Office Equipment	25%
Medical Equipment	25%
Furniture & Fittings	15%
Electrical Installation	25%
Kitchen Equipment	25%
Vehicles	25%
Building	5%
Linen and Bedding	33.33%
Computer	60%

Depreciation on assets specifically funded is charged to the respective Fund account.

f) Income recognition

i) Grants and donations

Donations are accounted for in the year of receipt. Government Grants are accounted for, on becoming due or on being sanctioned, whichever is earlier. Donations received are classified under various activities based on the instructions of the donors at the time of making the donations. Donations received without any specific instructions are classified under Mental Health Awareness activity.

ii)Grants for specific/funded projects

Grants received for specific projects/ funded projects are credited to the respective project fund account. The direct expenditure incurred for carrying out these projects is charged to the fund account. Indirect expenses are allocated to the respective projects on the basis of the internal documents and project documents and credited to the respective expenditure in the Income and Expenditure Account.

iii) Interest

Interest on deposits/investments is accounted for on accrual basis.

iv) Billing to clients/inpatients

Billing to clients/inpatients is being accounted for on due basis.

Place: Chennai

Dated: 10th June 2023

for S.N.S.ASSOCIATES
Chartered Accountants
(Firm Registration No.0062975)
(S.Nagarajan)
Partner Membership No.20899

g) Income tax

The Society is exempt from income tax under section 12AA of the Income tax Act, 1961 and hence no provision for taxation is considered necessary Since the Society is exempt from income tax, no deferred tax asset/liability is required to be recognized in respect of timing differences.

- 3. The value of fixed assets funded/purchased and charged off to the respective project accounts in earlier years have been capitalized at nominal value of Rupee one & credited to General Fund.
- 4. During the year ended 31st March 2018, a donor had donated land and building to the Society. The said land and building have been capitalized at a nominal value of Rupee one only. The expenses incurred for the registration of the gift have been capitalized. The fair value of the property on the date of gift as per the registered document is Rs.1,32,00,000/-.
- 5. The Society has completed the construction of T.S. Santhanam Centre for Elderly Care (Dementia Care), by utilizing the Donations Received and Credited to the Building Fund and general fund. The depreciation for the year on the said building to the extent attributable to the utilization of the Building Fund is debited Building Fund.
- 6. Since the services of Students undergoing DNB course, were utilized for Residential Centre during the year, the stipend paid to them is accounted as an expenditure of Residential Centre.
- 7. Figures of previous year have been re-grouped wherever necessary

Mr. S. Dinesh

STAFF OF SCARF

We have a good team of mental health professionals involved in the day to day functioning of SCARF. Although there is a small percentage of turn over, each year, the team is a highly spirited group. Working in the field of rehabilitation of chronic mental illness can be fraught with frustration at the slow progress made. A residential care facility position can be even more difficult with the multitude of administrative and clinical issues that crop up frequently. Yet, the staff is highly motivated to provide quality care to the patients seeking help at the center.

The present team is as follows:

Cofounder & Vice Chairman	Sr. Coordinator Psychological Servicet	Ms. Nivedhitha
Dr. R.Thara	Dr. G.Subhashini	Ms. Gayathri Nagarajan
		Ms Shreenila
Director Dr. R.Padmavati	Psychosocial Rehabilitation	Mr. A.Kulandesu
